

Mobile Impact Crusher

Link: [Gallery](#) [Get this product price](#)

The mobile impact crusher is a star product of KEFID, which is equipped by the unit configuration, uses the latest manufacturing technology, adopts the high-quality chrome blow bar and wear-resisting counterattack linings, and has great crushing ratio. Because of its own advantage of good particle shape, The **mobile impact crusher** plant is especially convenient for operation in a small working site, to process and crush the construction waste.

Application of Mobile Impact Crusher

The **mobile impact crusher** is widely used in various fields, say, metallurgy, chemical, construction material, hydroelectric fields to process materials that need to be moved frequently especially in processing the liquid stones for highway, railway, and hydroelectric subjects. Customers can equip different configuration according to different processing materials, scale and requirements.

Characteristics: large capacity, medium-size crushing, high efficient, economic, strong adaptability, self-contained conveyor.

Technical Data of Mobile Impact Crusher

Model	Y3S184F12 10	Y3S186F12 14	Y3S216F13 15	Y3S184FW1 210	Y3S186FW1 214	Y3S216FW1 315
Transportation Length (mm)	14200	16000	16000	14000	16000	16000
Transportation Width	3100	3100	3200	3100	3100	3200

(mm)						
Transportation Height (mm)	4400	4400	4500	4400	4400	4500
Maximum Length (mm)	14600	16400	16400	14400	16400	16400
Maximum width (mm)	3400	3400	3500	3400	3400	3500
Maximum Height (mm)	5100	5500	4700	4700	4700	4700
Weight (T)	35	44.5	47.5	34.5	41.5	48.5
Tire Configuration	Dualaxial	Triaxial	Triaxial	Dualaxial	Triaxial	Triaxial
Impact crusher	PF1210	PF1214	PF1315	PFS1210	PFS1214	PFS1315
Feed opening size	400*1080	400*1430	860*1520	570X990	570X1430	625X1530
The maximum Feeding size (mm)	350	350	500	250	250	300
Capacity (T/h)	70-300	90-400	120-450	90-300	120-360	150-440
Belt conveyor	B650X7M	B800X8M	B1000X8M	B650X7M	B800X8M	B1000X8M
Vibrating Screen	3YZS1848	3YZS1860	3YZS2160	3YZS1848	3YZS1860	3YZS2160
